Inspiration for the next generation.

“Work for a company that you believe in and that believes in you.”

“Find a passion that you love. It will carry you through life’s ups and downs.”

“Don’t be afraid to take chances, it’s ok to feel uncomfortable and it’s ok to fail.”

“My advice to young women is to find not just your career passion, but also your purpose.”

“Surround yourself with positive, supportive teammates, leaders, and mentors from all backgrounds.”

“Be proactive, ask questions and understand it takes time to gain trust and expertise, it doesn’t happen overnight, it happens through experience.”

“Just ask—if you want it, if you need it, if you deserve it—ask for it.”

INSPIRED BY YOU. INVESTED WITH YOU.

Celebrating 50 years in business.

Since our founding, Fenimore Asset Management has remained committed to the same mission that was established by my father. By seeking to increase investment performance through our in-depth research process. By treating our associates as part of our extended family. And by infusing excellence into each of our investor relationships. It’s a formula that has facilitated success for 50 years, and it’s one we will continue to follow for the next 50 years.

Let’s keep growing together.
